4 bleak years*

of “liberty”
bondage where
a plaything

labeled freedom
gets taken, encore,

to corporate gangbangs
sanction by a Quisling
Press. & the money

spiders conveniently
spin evil foreigners

to flip whoring, thus
jettison their devils

for our angels
of death,

& Empire.
Bleak all right,

the highway to the Heart
of Darkness. A penny

for all the old guys
who kill the young ones,
apparently what God desires.
